PUBLICATION	PAGE	HEADLINE & BRIEF
The Star	Pg 12	KAM in Sh3.3bn energy deal
The People	Pg 29	AFD to finance renewable energy
		According to the publication, Kenya Association of Manufacturers has signed a Sh3.3 billion renewable energy deal with the French Development Agency to help industrialists cut down on energy costs. The funds will help industrialists cut down on energy costs. KAM will provide advisory and technical assistance on the projects while the money will be disbursed as loans to manufacturers involved in green energy programs through either CFC Stanbic Bank or Co-operative Bank at discounted interest rates.
The Star	14	Italy plans to reassess nuclear power in two years
		The publication states that Prime Minister Silvio Berlusconi hopes to revive plans to relaunch Italy's nuclear energy sector in one or two years. Berlusconi said this on Tuesday after the government last week shelved plans to allow the construction of new plants.
