

PRESS BRIEFS - March 24th , 2011

PUBLICATION	PAGE	HEADLINE & BRIEF
The Star	Pg 7	Rabai power line to cost Sh110 billion
		The report indicates that the Kenya Electricity Transmission Company intends to build a power transmission line at a cost of Sh110 billion from Mombasa to Nairobi. The company's social economist Stephen Munzyu said that the 462kms line would run from Rabai substation to Isinya substation.
People	Pg 5	KPLC begins big switch to prepaid card
		The publication states that KPLC has began switching the existing post paid domestic and small commercial electricity meters to prepaid. KPLC's Communications Manager Migwi Theuri said that the digital meters would only allow subscribers to only the units they have paid for.
