

PRESS BRIEFS - March 29th , 2011

PUBLICATION	PAGE	HEADLINE & BRIEF
Business Daily	Pg 2	Power investors lose official credit support
		The publication reports that the government plans to freeze the issuance of letters of comfort to investors eyeing the local energy sector, turning pressure on the planners of such projects to find more innovative ways of getting capital. Energy Permanent Secretary said that as the economy continues to find guarantee in impressive growth and soon there would be no need of issuing the letters of comfort.
People	17,20-	River of hope transforming lives
		The feature on Sondu Miriu river reports that it has changed a lot of locals lives through provision of water and electricity through the Sondu Miriu Hydro power project. Also highlighted is the provision of clean piped water through KenGen's CSR initiative that has had significant impact on the public health and living conditions of the locals.
