

PRESS BRIEFS - March 31st , 2011

PUBLICATION	PAGE	HEADLINE & BRIEF
Daily Nation	Pg 11	Nuclear experts to inspect Kenya
Daily Nation	Pg 12	Rethink nuclear power
		The two publications indicate that a team of nuclear safety inspectors from the International Atomic Energy Agency are in Kenya. A source at the Ministry of Energy said that the inspectors are here for their normal work and are expected to examine Kenya's ambitions on the nuclear energy.
Nairobi Star	Pg 14	Banks to review lending policies on green energy projects
		The report states that the International Finance Corporation and European Investment Bank is urging local banks to review their lending criteria to develop investment opportunities for green energy projects.

TENDER ADVERTS
